(54) Title: METHOD FOR PREPARING FIBRE-CONTAINING PECTIN AND PRODUCTS AND USES HEREOF

WO 2005/003178 A1

(57) Abstract: A method is provided for treating pectin-containing plant materials in a manner to obtain fibre-containing pectin products, and subsequently pectin products, having a high molecular weight of the pectin polymer and a homogeneous distribution of the deesterified sites in the pectin polymer and thereby providing products having improved gelforming and/or viscous giving properties.

For two-letter codes and other abbreviations, refer to the "Guidance Notes on Codes and Abbreviations" appearing at the beginning of each regular issue of the PCT Gazette.
